Welcome Race Fans!

The Sioux Valley Cycle Club (SVCC) has been a “family of air” and a family affair since 1931! As the oldest organized club in SD, SVCC has had a lot of changes over the years.

The Club was organized on August 7th, 1931 in a parking lot at 11th Street and Spring Avenue at 9:00 PM, with the very 1st meeting of individual riders organizing the SVCC. It was a Thursday night, at 8:00 PM. The group appointed 4 people to a “Standing committee”. How many current members have even heard of a “Standing Committee”? They appointed an “Entertainment Committee”, a Competition Committee to organize a Hill Climb to be held two weeks later the 16th of August, as well as a committee of 1 to design a Club Logo, Decals and Letterhead. Meetings were held in members’ homes, different business places and motorcycle shops in the early days. In 1945 the club purchased 7.5 acres, where the Hy-Vee at 10th St and Cleveland Ave in Sioux Falls is located. We bought the property from the State of South Dakota. They owned all the property from the School for the Deaf to the East of Hy-Vee. The land was purchased for \$2,500.00. Darrell Kelley, a club member and a sewer contractor loaned the club the money. The Club was incorporated in 1946 as a SD Non-Profit Corporation. Sometime after 1954 the club paid Darrell Kelley back, mainly with assessments.

A 20 x 36 club house was built by club members, (at no cost to members) on the new 10th St property. We had “Scrambles” races (now M-X); 7 Hour Marathons, Field Trials and Rocket Runs. The club also had picnics and barbecues we had about every 5-6 weeks. Meetings were held every Thursday at 8:00 PM year-round. In the very late 1960’s, the State bought the some of the 10th St property to make 10th Street a 4-lane road. The club used the money to purchase approximately 50 acres of highly wooded land out by what is now Spring Creek Golf Course area for \$15,000. We ran Grass Track (now S-T) races, Field Trials and Scrambles events. The dirt-track racers went to Crescent, Iowa to compete on a track that had a real hi-speed TT track with huge table top jump and 80 mph straightaways. They came back and told the club we needed a track like that. The club sold the Eastside wooded area and bought the land that Wild Water West now owns. Most of what Wild Water West used for their big go-kart track was the old TT track the club had built. When the club sold that property, we bought a brick one-room school house, for \$5,000.00 to use as a clubhouse while the search was on for a new home.

In 1972 the property the club currently owns, approximately 3 miles from the intersections of I-90 and I-29, became available and was purchased at an estate auction by some very forward-thinking members. It was 160 acres of rolling hills and 30 acres of farmable ground and had 2 reservoirs on it. The MX track was built first, and the club held their first event on their new home ground in the spring of 1973. If you look closely, you can still see some of the layout of the original MX track. The short-track was built a year later. There was not much money to be had, sweat-equity and creative thinking by the members was how things got done. The 2-hr Baja races (now Hare Scrambles) began in 1978. They started life as a fun event for people to compete against the other racers when there were some breaks in the racing schedule as well as an endurance event. They took the place of the Cross-Country events the club used to have. We even now host our ice races on our pond instead of having to go to an area lake. All in all, the club hosts approximately 25-30 competitive events a year. No other club in the area hosts as many events and different types of events as the Sioux Valley Cycle Club does. We continue to invest in our property and events and try to make the SVCC experience the best that it can be.

Tom Haight, Charter Member

Membership Information:

If you need a place to ride or get involved with racing in the dirt, consider joining the **Sioux Valley Cycle Club**. Yearly memberships are available and vary depending upon the membership type. Membership types are, Single, Regular, Non-working, Mileage, and Charter (for those with 15yrs or more of service). Please see our website for complete details regarding fees and work requirements.

To obtain a membership contact any member of the Board of Directors
or go to www.siouxvalleycycleclub.com

Charter Membership

The Charter Membership is a membership that is earned. This membership class was created any years ago for those members who had 15 continuous years of membership as a thank you for their time and service to the club. This was later changed to just 15 years of membership.

Charter members have the same privileges as a regular membership but do not pay dues or have a work requirement. If a charter member chooses to pay the \$50 fee noted on the membership form, they will receive 2 gate passes for all SVCC race events in addition to the regular membership privileges.

Welcome to Sioux Valley Cycle Club!

Get ready for the throttle to drop and the dirt to fly — the 2026 season at Sioux Valley Cycle Club is going to be one you won't want to miss!

With four different types of racing, every event brings a new level of adrenaline, skill, and edge-of-your-seat action. From tight battles in the corners to full-throttle straightaways, you'll see some of the best local talent pushing their machines to the limit. Whether you're cheering from the fence line or lining up at the gate, the energy is electric from the first green flag to the final checkered.

And it doesn't stop on race day.

Our members enjoy 160 acres of open riding, offering endless opportunities to ride, train, explore,

and make memories with friends and family. It's more than just a track—it's a riding community built around passion for the off-road sport we all love.

Race days at SVCC are about more than competition — they're about community. The sound of engines, the smell of race fuel, kids playing in the pits, families gathered under canopies, and the excitement building before every start. It's a place where friendships are formed, rivalries are born, and champions are made.

None of this happens without our incredible volunteers and supporters. There are always opportunities to jump in, lend a hand, and help keep

the momentum going strong for the future of the club. When you get involved, you're not just helping at a race—you're helping preserve a legacy.

You'll also find our valued partners throughout this book. These businesses stand behind our riders and our club — and we encourage you to stand behind them.

The 2026 season is shaping up to be fast, loud, competitive, and unforgettable.

- Grab your crew.
- Bring your chairs.
- Feel the horsepower.

We'll see you at the races!

Zach Jorgensen-Co Chair 1

Day Membership

Day passes are only available for purchase from the Board of Directors.

You must be 18 years old to purchase a Day Membership. Anyone under the age of 18 requires a parent or guardian present when purchasing the Day Membership. The SVCC Day Membership is valid only for the date stated on the membership. There is no limit to the number of Day Memberships one may purchase. The cost of the SVCC Day Membership for 2026 is \$40.00.

Board and Member Meetings

Meetings are held on the club grounds in the blue Club House building with every second Thursday of the month being the Board Meeting (7pm) and every last Thursday of the month being the Member Meeting (7pm). All members are encouraged to attend (either or both meetings) and let your voice be heard with your questions, suggestions, comments or concerns.

Club Organized Events:

SVCC has four organized events to capture everyone's choice of racing. They include motocross, short track and hare scrambles. The events are run throughout the summer. This enables the fans, as well as the riders to enjoy non-stop action.

Motocross

The MX has tracks that will test your ability as a rider, no matter what your skill level is. There are tabletops, whoops, berms, washouts, single and double jumps, just to name a few of the obstacles.

Short Track Bikes and Short Track TT ATVs

It is patterned after Nascar races but only on the dirt. The bikes and quads are specialized in getting low to the ground. In some cases, the suspension is lowered as much as five to six inches. They run special flattrack tires that can cost up to \$150. The racers go Mach 1 around the oval track sliding into and out of the corners.

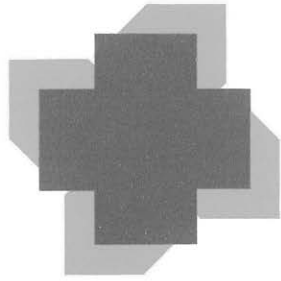

Ice Races

The races start the first of the year and run for six weeks. The cold frigid weather does not stop the racers from racing or the fans from watching. The racers on bikes put 1 inch specialized screws in their tires enabling them to grip the ice. You'll also see quads and 3-wheelers racing with them and without studs. Bundling up in extra heavy clothing gives the racers another challenge on their track.

Hare Scrambles

A sport for the novice, as well as advanced riders; this type of racing focuses on endurance. All races are cross-country over hills, water, rocks, washouts, and high-speed straight-aways. They last two hours. However, the final race of the year offers teams of riders a feat of endurance. The final three-hour event seemingly is either cold and wet, or hot and dusty.

Welcome back to **Sioux Valley Cycle Club**—where dirt meets rubber and weekends are built on racing, friends, family, and memories that last long after the checkered flag waves.

We're rolling into the **2026 race season** and we couldn't be more excited to once again coordinate an action-packed **Short Track Bikes** schedule.

Our season kicks off **May 16**, followed by **June 27** and **July 18**, all counting as regular points races. Then we shift into high gear with our only double-header weekend of the year:

- **August 14** – *Big Bike King of the Hill*
- **August 15** – *Dean Strable Post Sturgis Blowout*

The August 15th race will be double points. We'll close out the season with regular points races on **August 22**, **September 5** and **September 26**, with **October 10** set aside as our rain date.

Whether you're lining up at the gate, cheering from the fence, or just soaking in the atmosphere, this season is about more than racing—it's about tradition, passion, and the people who make Sioux Valley feel like home.

So fire up those bikes, bring your friends and family, and let's make 2026 a season to remember.

See you at the track.

Welcome back race fans — it's time for Quad TT at the track! If we haven't met yet, we're excited to have you join us for another adrenaline-packed season of bar-to-bar racing and high-speed competition.

Quad TT racing is one of the most exciting forms of dirt track action you'll see. Our TT track is both technical and fast, built to challenge even the most experienced riders. With elevation changes, sweeping sections, and that signature right-hand turn, riders must combine speed, control, and precision to stay out front. It's where skill meets horsepower — and the action never disappoints.

We kick off the 2026 season with the Memorial Day Shootout Opener, a weekend that always brings intense racing, packed gates, and a crowd ready to cheer. It's the perfect way to launch the summer with friends, family, and nonstop excitement.

Throughout the summer, our regular season points races keep the competition heating up as riders battle week after week for position in the standings. Every lap counts.

Every pass matters. From young riders just getting started to seasoned veterans chasing another title, you'll see determination and grit on full display.

We wrap up the season with the prestigious Gary Meyer Memorial Race, our season finale points race. This night always delivers unforgettable moments as championships are decided and riders leave everything they have on the track. It's more than just a race — it's a celebration of our racing community and the legacy that keeps this sport thriving.

Whether you're a longtime race fan or attending for the first time, Quad TT delivers high-speed action, close racing, and an electric atmosphere you can't experience anywhere else. Bring your lawn chairs, bring your friends, and come be part of the excitement.

We'll see you at the track!

HARE SCRAMBLE

2026 Series Sponsor

It's not just a race – it's an adventure. A 1 to 2 hour battle against the terrain, the clock, and yourself. The course stretches across acres of raw ground, winding through wooded trails, up steep hills, down into creek beds, and across ever-changing dirt. The best part? You won't know the exact layout until race morning.

With 70+ riders charging through the course at once, the track evolves every lap. Smooth lines turn into ruts. Dry dirt turns tacky. Conditions shift and every lap demands focus, endurance, and grit. It's racing in its purest form – unpredictable, challenging, and incredibly rewarding.

We race through it all – spring mud, summer heat, crisp fall air – because that's what makes it exciting. Every lap pushes you harder. Every turn tests your skill. And when the white flag comes

out, you dig deep for one final push toward the checkered flag, knowing you left it all on the course.

Whether you're racing or cheering from the sidelines, Hare Scrambles are packed with action from start to finish. The energy is high. The competition is real. And the memories last long after the engines shut off.

If you're looking for adrenaline, community, and nonstop excitement, come join us this season. You won't want to miss it.

2026 Series Sponsor

The 2026 Motocross season is shaping up to be our biggest and best yet! We've got some great changes coming, including exciting additions to the track that will make for better racing and an even better experience for riders and fans. This season will also feature a large Memorial Race, which we're proud to add to the schedule as a special highlight of the year. We're incredibly excited for what's ahead and can't wait to see everyone back out at the track for another unforgettable season of racing, community and fun.

FIDDLER CREEK MX PARK

Located at 824 Fiddler Creek Rd, Home, NE 68030, Fiddler Creek MX features both youth and adult tracks for dirt bike and quad riders. Membership is required to ride. The park has received positive reviews for its well-maintained track, friendly staff, and family-friendly atmosphere.

For more information, you can visit the Fiddler Creek MX website or their Facebook page.

SPRING CREEK MX PARK

Spring Creek Motocross Park is a premier racing facility located in Millville, Minnesota, famous for its Pro Motocross Championship events and challenging natural-terrain track.

Location & Contact

- **Address:** 63633 298th Ave, Millville, MN 55957.
- **Phone:** (507) 802-9300 or (507) 753-2779.
- **Website:** You can find more information, schedules, and tickets on the Spring Creek Motocross official website.

Track Details & Events

The park spans nearly 500 acres and features unique sections like the "Mt Martin" uphill, sand whoops, and riverside sections.

- **Pro Motocross Championship:** The annual Pro Motocross National is the biggest event of the year, running uninterrupted since 1983. The 2026 Spring Creek National is scheduled for July 18, 2026

YANKTON SCRAMBLERS CYCLE PARK

Scramblers Cycle Park is a motocross track located nine miles west of Yankton, South Dakota, off Highway 52. The track is available for public practice daily. It is frequently groomed and watered, with recent improvements including an updated watering system and added wood chips. Facilities at the park include restrooms, a bike wash, and ample parking. Both bikes and ATVs are permitted on the track.

For more information, call 605-665-3500.

2026 SVCC General Safety and Club Rules

1. Helmets must be worn at all times when riding.
2. Non-Members are not allowed to ride, other than when & where allowed during a race event.
3. All Riders must wear the appropriate protective apparel: Helmets, Eye Protection and Boots.
4. When riding anywhere other than on the riding track areas, keep speeds low and maintain safe riding.
5. All Riders are responsible for the condition of their ATV & motorcycle and for determining the safety of the riding & track areas..
6. All Riders must assess and ride their own abilities based on the riding area.
7. All ATV's must have a properly functioning Dead Man's (tethered kill switch) device on them, and attached to the rider while riding.
8. Keep the grass we have in the pitting and parking areas intact and do not tear it up.
9. All Pets must be on a leash and must clean up after them.
10. No littering, please pick up after yourself.
11. Electronic Front Gate - Once you pull in or out of SVCC, please pull past the card reader and wait for the gate to close.
 - a. The gate Must Be Completely Closed before you pull away from it.
 - b. Failure to wait for the gate to close can result in membership suspension or loss of membership
 - c. Each member must open the gate with their own card. No tailgating letting multiple vehicles in on one card swipe.
 - d. The gate will shut automatically providing nothing is breaking the safety beam across the opening or your vehicle or trailer is not stopped over the loops that are in-line with the card readers.
 - e. If you lose your key card, please contact one of the SVCC Board members right away. Replacement Card is \$20. Contact info is on website Siouxvalleycycleclub.com.
 - f. If the gate will not close for you or you found it stuck open, contact someone listed below.
 - g. For any questions or any difficulties with the gate, contact Tony Haight 605-310-5505, Zac Jorgensen or any other Board Member.

When Quality Matters!

The First Dirt Bike

Siegfried Bettmann, the founder of the Birmingham Small Arms Company (BSA), produced the first dirt bike in 1914.

Recognizing the rising demand for off-road racing, Bettmann designed a motorcycle specifically for that purpose. This led to the creation of the BSA Scrambler, the first-ever purpose-built off-road motorcycle.

The first dirt bike: BSA Scrambler on a grass field next to a road.

Bettman was key in founding of the Triumph Motorcycle Company, which later designed several first motorized bicycles and motorcycles. Since then, Triumph has built several oldest dirt bikes and models paving the way to the modern off-road dirt riding.

The BSA Scrambler, known as the first dirt bike, boasted a lightweight frame, knobby tires, and a high-mounted exhaust designed for navigating muddy and rocky terrain with ease.

The Scrambler gained popularity among riders who sought to compete in off-road races. Thanks to its 500cc 3.5HP single-cylinder engine fueled by alcohol, it was the first attempt to popularize dirt racing. Although it wasn't known as a "dirt bike," at the time, the

BSA Scrambler was undeniably the first motorcycle

designed specifically for off-road use. It laid the groundwork for the creation of other off-road machines.

In the next section of this post, we'll take a closer look at the rise of motocross and the golden age of dirt bikes, which saw the development of some of the most iconic dirt bikes in history.

1922 Triumph H1 on a green grassy backyard.

1922 Triumph H1: One of the oldest dirt bikes.

Photo: 1914 BSA Model K. The first dirt bike was very similar to this model K, which is one of the oldest dirt bikes.
